The CADC Glenwood Senior Adult Center held its annual Homemade Pie and Cake Contest on Thursday, September 13, at the center. The two judges for the event are from the Glenwood Extension Homemakers Club. They are standing behind the winners. Betty Epperson is at left and Linda Robertson at right. They use a rating system similar to the one used at the county fair judging held this week during the Pike County Fair. Seated from the left and the prize they won are: Estallene Webb - First place and Grand Champion for Pie; Karen Fryar holding the second place pie made by Bessie Burnett; Gracie Fryar holding a second ribbon and Cake for Bessie Burnett; Sharon Nesar, who won first place for Cakes; Helen Leamons who won third place for Cakes, and Tammy Cogburn - Grand Champion for Cakes. The photographer was asked to be a judge only to break a tie, if one happened, and grateful taster. Photo by Mike Wallace

At the Latino Festival held Saturday, September 15, at the church on County Line Road, part of the festivities were face painting, mechanical bull riding and a wide range of excellent food. The Festival ran from 1:00 pm to 9:00 pm. See below a picture of the Mariachi Band, who entertained the crowds from mid afternoon onward. Photo below by Mike Wallace

16-year old charged with theft

A 16-year-old Glenwood youth has been charged as an adult in Pike County after he allegedly beat and robbed a man of \$3,000.

Charges of felony robbery and theft of property, as well as a misdemeanor charge of third-degree battery, were filed Sept. 14 against Jayce Fogle.

Fogle was formally arraigned on the charges Monday in Pike County Circuit Court. He pleaded not guilty and an Oct. 15 pretrial date and a Nov. 15 trial date were set. He is being held on \$15,000 bond.

The charges stem from an incident on Aug. 24 when Glenwood police were dispatched to Clay Street in regards to a man in need of help after he was allegedly beaten. The injured man, John Bu-

City responds to Department of Health and public - water was never unsafe to use or drink

By Mike Wallace

GLENWOOD - The City of Glenwood has received two notices from the Arkansas Department of Health regarding violations during July of this year.

One had to do with taking samples from the treated water and sending those samples to the Department of Health.

The present law states those samples must be taken every four (4) hours. The samples are usually taken then, but for a short time period in July, the samples were taken every eight hours.

Mayor Billy Plyler said the city never tried to hide anything from the Department of Health, and reported accurately the timing of the sample taking and mailing those samples to the proper agency location. Due to overtime pay considerations and some equipment needing updating, for a very short period of time the samples were taken every eight hours instead of four.

"At no time during the sample taking did the city water de-

partment ever be out of compliance with current safety or quality standards as

prescribed by the state," stated the mayor.

The second violation had to do with turbidity in the treated water. The city was out of compliance with the requirement that the turbidity (clarity) measurement be under 1.0. It was above that number on July 27 from 4:00 to 8:00 am, and on July 28 from midnight to noon.

This was when there was a 400,000 gallon loss of treated water in the Hopper Community due to a break in the line.

The water department equipment recognized the usage of the extra water, and started treating more than the normal amounts which caused the momentary turbidity.

Before that break and after it was fixed, the readings were in the normal range.

Both activities which turned out to be a violation of the health codes were reported by the personnel of the water department,

and certified letters came back addressed to the mayor.

He asked the council members and other elected officials to wait on distribution of the certified mail until the council met, had a chance to review the letters and signed where they were supposed to.

One person decided to ignore the mayor's request and posted the letters on a social media, which caused unwarranted rumors that the water was unsafe to use or drink. This was never true. The water is as safe to drink as it has been for years.

If it was not safe to drink, Glenwood would not be selling treated water to communities all around the area, and the State of Arkansas

Department of Health would not have designated the City of Glenwood to be the distribution location for this part of the state.

Kirby School to start food pantry for student families

Diamond Bank recently donated \$750 to the newly formed Kirby School Food Pantry. Shown in the accompanying photograph is a giant representation of the actual check. It will be located on the Kirby School campus and send home food every Friday in a back pack the children can wear. They will return the back pack to the school on Mondays and it will be kept by the Parent Teacher Community Organization, which is the sponsoring group for this enterprise.

The food pantry will be open November 1, and will send home to the families non-perishable food items like canned good and pasta varieties. All items which need to be bought will be purchased locally.

Each student will take home a form to be signed by the parents or guardians that the family wishes to participate in the project.

The first gathering of items for the students to take home will be at the October 9 Maroon and Grey basketball games. Bring canned goods as the price of admission.

The Parent Teacher Community Organization had been thinking about this project for a short time, and decided to implement it with that starting date of November 1. All the Kirby students and their families are eligible. Just get the form from your child, sign it and return it.

If you wish to make a monetary donation, make out your check to the PTCO, c/o Kirby Schools, PO Box 9, Kirby, AR 71950. All donations of money or food will be greatly appreciated.

Four members of the Kirby Parent Teacher Community Organization came to the Diamond Bank in Glenwood on Monday, September 10, to receive a \$750 donation from the bank for their proposed food pantry for students and their families. Donations of food can be brought to the school campus and monetary donations can be sent to the school at PO Box 9, Kirby, Ar 71950. Photo by Mike Wallace

Earns Master's Degree in Agriculture

Jerry Fendley was born and raised in Arkadelphia, and I graduated from Arkadelphia High School in 1996. I earned a bachelors degree in Agricultural Engineering from the University of Arkansas in 2000. I started teaching agriculture in tiny Oark, Arkansas in 2003, and I taught there for five years. I moved to Centerpoint and have taught here for ten years, now starting my eleventh. Besides agriculture courses, I also have taught one class of physics each for the last seven years. I completed my Masters Degree in Agriculture in July of this summer. I am also Pike County Justice of the Peace for District #5.

Crimes, from page 1

Buchner (age and address not available), was found sitting on the home's porch partially dressed with visible injuries.

Buchner told Glenwood Detective Jessica Babbitt that Fogle had beat him and "hit him in the body with some kind of object." He further stated Fogle has stripped him of his pants to get his wallet which reportedly held \$3,000. The victim also said he believed he was unconscious at some point during the attack before he was able to seek help and that he feared for this life during the incident.

Fogle was later located on South Fourth Street along with two other individuals. Fogle reportedly had "fresh red and pink marks and broken skin" on his knuckles but was not questioned until his mother, Paula Woods, arrived at the home. Fogle denied being involved in the incident but Buchner's hat was found near the home, as were several items, including the wallet.

Two charged with theft

Felony residential burglary and theft of property charges have been filed against Matthew Wayne Robinson, 37, of Ozan, and Teresa Kay Wilkerson, 46, of Murfreesboro, in connection to a theft from a home on Quail Lane near Murfreesboro.

Robinson was formally arraigned on the charges Monday and a Nov. 26 pretrial date was set. Wilkerson failed to make her court appearance Monday and a related warrant has been issued for her arrest.

The break-in at the home of William Tate was reported to the Pike County Sheriff's Department on Aug. 15 and an investigation determined the theft happened between midnight and daylight and three televisions and three satellite control boxes were taken. Pike County Detective Glen Hankins worked the scene and documented boot prints and tire tracks in the driveway.

Later that day, the Mur-

freesboro Police Department notified Hankins that during a unrelated probationary search of Wilkerson's home some of the stolen property was found. Hankins also later found identification belonging to Robinson in the home and two pairs of boots that matched the prints at the scene. A car belonging to Theresa Robinson, the defendant's wife, was later located and the tires reportedly matched the tracks left at the scene.

The stolen property was valued in excess of \$1,000.

Two sentenced

Two defendants were sentenced Monday after entering guilty pleas. They included:

Melissa Dixon, 48, of Glenwood, pleaded guilty to possession of marijuana with purpose to deliver. She was sentenced to four years in the Arkansas Department of Correction with two years suspended.

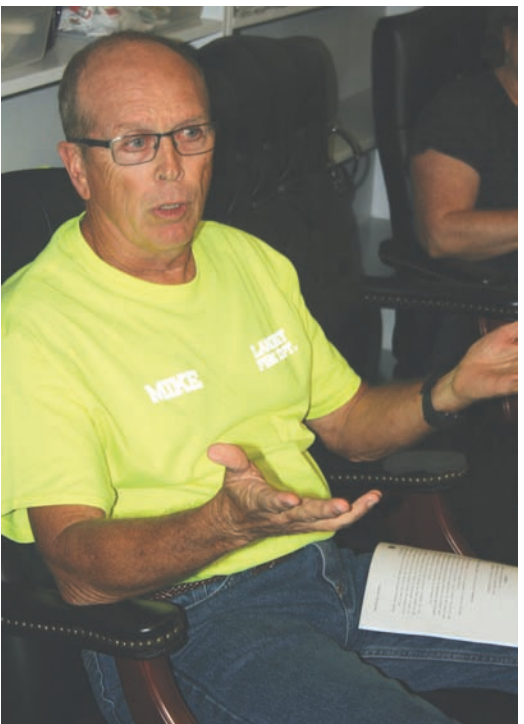

Skye M. Anderson, 32, of Glenwood, pleaded guilty to possession of drug paraphernalia. She was sentenced drug court and her case was transferred to Garland County.

Langley VFD seeks to have fire dues placed on property tax bill

MURFREESBORO -- Michael Yarbrough of the Langley Volunteer Fire Department spoke to the Pike County Quorum Court on Monday about the placement of resident dues on their county tax bills.

As a rural fire department, without a city administering, the addition of the dues would require 50% of registered voters in the served district to sign a petition. According to County Clerk Sandy Campbell, their research -- compiled via a mapping program via the Pike County Assessor's Office -- stated that there were 84 registered voters in the Langley district.

The addition of the dues on the tax bill would not require payment, unlike the taxes, but Yarbrough felt that it would be delivered to the biggest number of residents and potentially bring in enough extra revenue versus the current formula

Michael Yarbrough of Langley VFD

AETN announces schedule for 2018 debates

Debates to be held Oct. 8-12 at Reynolds Performance Hall in Conway

CONWAY, Ark. (AETN) — Candidates in eight races have agreed to participate in "Election 2018: AETN Debates," which will tape and air on the Arkansas Educational Television Network Oct. 8-12.

The debate schedule is as follows:

- U.S. Congressional District 4, with candidates Tom Canada (L), Hayden Catherine Shamel (D) and incumbent Bruce Westerman (R), will tape Monday, Oct. 8, at 11:30 a.m. and air Oct. 8 at 9 p.m.

- Governor, with candidates Jared Henderson (D), incumbent Asa Hutchinson (R) and Mark West (L), will tape Friday, Oct. 12, at 1:30 p.m. and air Oct. 12 at 8 p.m.

In addition to keeping viewers informed about the candidates, AETN will also produce "Election 2018: Ballot Initiatives." The proposed initiatives that have reached the ballot will be discussed in this 30-minute program produced in conjunction with the University of Arkansas Cooperative Extension Service.

Answering Questions About Court System... Circuit Judge Charles Yeargan, at right, of the Ninth West Court system, came to the CADC Glenwood Senior Center on Tuesday, September 11, to speak with the senior adults who came to hear him talk about the Arkansas Courts. He spoke for about half an hour before the delicious lunch consisting of ham and beans, corn bread, turnip greens and cherry cobbler was served. With Yeargan was Sarah Logan, Arkansas Courts and Community Initiative Director. Logan said the State Supreme Court began a program to reach all 75 Arkansas counties with explanations on how it works and to answer questions. The CADC Glenwood Senior Center has a series of knowledgeable people coming to speak during this year.

Pike County 4-H membership drive

Pike County 4-H is currently having their membership drive. Those interested in joining a community 4-H club should visit ar.4honline.com to sign up online. For more information about 4-H, contact Pike County 4-H Program Assistant Julie Berry at 870-285-2161 or come by the Pike Co Cooperative Extension Office.

4-H members will have hens for sale at County Fair

Pike Co 4-Hers will have pens of 3 Hyline Brown hens for sale at the Pike County Fair. Those interested in purchasing a pen of hens should call the Pike Co Cooperative Extension Service office at 870-285-2161. Blue ribbon birds sell for \$36, Red ribbon for \$33, and white ribbon for \$30. The birds will be ready for pickup at the fairgrounds on Thursday, September 20.

Bonnerdale News

By Karroll Morphew

Happy belated birthday to Kenny McGrew, Roger Ketchum, Ashley Wright, Kristy Kendall, and our only granddaughter Reagan Jewell Jordan, Sept. 7, Sue Strasser, Sept. 10, Leon Bardwell, and Tammy Massey, Sept. 17, and Terry Diggs, Sept. 18.

Happy birthday to Francis Bardwell, Sept. 24, and Janice Massey, Sept. 25.

Happy anniversary to Dale and Angie Hamilton, Sept. 15 and Tony and Georgetta Weatherford, Sept. 21.

Labor Day weekend slipped up on me with the early date to send news to the Glenwood Herald. Therefore I didn't get any news in to the office. Hope this catches up on birthdays since the last article I sent in, and I keep hoping that I will hear something wonderful to report.

Doyle Junior Watkins, age 71, of Bonnerdale, died Monday, August 27, 2018. He was the son of Edward Benjamin and Elander Camp Watkins. He was married to the former Freida Diggs of Bonnerdale. Funeral services were held at 2 PM, Friday, August 31, 2018 in the Davis Smith Funeral Home Chapel. Burial followed in the Grant's Chapel Cemetery. Our condolences to his family.

We were blessed with a small portion of our family visiting us over the holiday weekend. Son Jonathan came from Kentucky, and son-in-law Bobby Lee and

our youngest grandson Ethan Lee came from Diboll, Texas. Daughter Nancy couldn't make the trip with Bobby and Ethan. She is a teacher at the jr. high school there in Diboll and had a lot of book work to do. It seems that most years there are a lot of changes in how things are run at school, and this year holds an extra amount of changes. She decided to take advantage of a Saturday and Monday with no one at home to interfere with her work. She thinks she will probably retire after this year, and this extra amount of work/changes may enforce that thought for her.

I don't know if it was just time to go or if the word that a tropical depression named Gordon was on the way, but the hummingbirds left our house. I keep two feeders out all summer, and we have had more birds this year than ever before. It was like we had them one day, and the next day they were gone -- not just most of them but ALL of them left at the same time.

Gordon turned out to be sort of a dud at our house. We got a fairly good rain but nothing like the 5 to 7 inches predicted, but more like a little over an inch here, which was a blessing I guess. As of this writing we have received nothing from Hurricane Florence, and probably won't. It is a pretty good stretch of country between the east coast and us, which is all right since

we don't need what the poor people are experiencing in the eastern states.

Saturday we journeyed to Texarkana, Texas, to a singing. We had a good time visiting and singing, then started home that afternoon. We were well on the way when we heard a noise -- and learned a tire was coming apart on us. We moved slowly on toward home until it went flat. We stopped in front of a closed business in the edge of Murfreesboro and Jim started the process of digging out the "donut", jack, and assorted tools from the trunk to change the tires - in the sunshine and 95 degree heat. Before he got the flat tire off the car, a young man drove up, sized up the situation, folded his leg and sat down on his foot, and changed the tires for us. We didn't get the young man's first name but his last name is Terrell. He visited with us while working, got up and told us to "have a blessed day", and rode off into the sunset -- as the old saying goes. Jim would have taken care of the total job, but we both greatly appreciated the unsolicited but welcome help from a stranger. This young man reinforced what we already knew, the world still has some good people in it!

Thought for the week: "Today give a stranger one of your smiles. It may be the only sunshine he/she sees all day." See you next week -- hopefully.

Fountain Lake students visit Caddo Hills to learn about business

Students and faculty from Fountain Lake High School visited the Caddo Hills High School campus to learn about the school's Natives Supply & Co. business.

Natives Supply & Co. is a student run business that provides several services to students and community members. The business was made possible by a grant from the Arkansas Department of Career Education in 2016. The grant was used to open a small business operation that became Natives Supply & Co.

The business provides school supplies for student purchase at the school, as well as a host of Caddo Hills Indians related paraphernalia. School mascot items range from shirts and hoodies to fidget spinners. Items may be purchased in the school's store, or at their portable kiosk at home basketball games.

They also provide a tuxedo rental service that is available for students and community members both in and outside the school dis-

trict. Students are involved in every aspect of the business, including but not limited to marketing, sales and bookkeeping.

Justin Neel, the advisor for the program has stated several times that the program is a great opportunity to prepare students to be small business owners. The hope is that they will start small businesses in the area thus creating job opportunities and stimulating economic growth in Montgomery County.

The program is one of the first of its kind in Arkansas and caught the attention of Congressman Bruce Westerman who toured the Natives Supply & Co. and the school's agriculture shop during a visit in 2017.

Fountain Lake visited Caddo Hills August 28 to learn more about the business and the benefits a similar program might have at their school.

Obituaries

Roy Gene Cogburn

Roy Gene Cogburn of Hot Springs passed away August 29, 2018 after a long battle with cancer. He was born to the late Alta Duggan and the late Roy Lee Cogburn on September 2, 1943 at Caddo Gap. He was an U.S. Army veteran.

He is survived by his long time companion, Tammy Dunn Redleaf, his 3 grandchildren of California, his uncle Richard Duggan and Aunt Brenda of Lodi.

Roy will be laid to rest with his father in Chico, CA following his wishes.

Rena Dwinell

Rena Dwinell, age 102, of Amity, passed away on Saturday, September 15, 2018.

She was born on August 23, 1916 in the Mount Tabor community of Montgomery County, the daughter of James Isaac Huggins and Ora Wisener Huggins. On January 25, 1936, she was married to James Q. Dwinell who preceded her in death on March 19, 2010. She was also preceded in death by her parents; five brothers, Norman Hug-

gins, Roy Huggins, Herbert Huggins, Dewey Huggins and Eugene Huggins; and one sister, Rilza Conine.

She was a member of the Glenwood First Baptist Church and the TEL Sunday School Class. She loved flowers, gardening and especially spending time with her grandchildren.

She is survived by her daughter and son-in-law, Gayle and Elwood Massey of Amity; three grandchildren and their spouses, Mika and Ken Cantrell of Raleigh, North Carolina, James and Terra Massey of Rogers and Isaac and Beth Massey of Amity; eight great-grandchildren, Nicole Cantrell, Gabe Cantrell, Ashley Massey, Olivia Massey, Cloey, Massey, Sully Massey, Averly Massey and Jacey Massey; her sister, Resa Weaver of Fort Worth, Texas; and her nieces and nephews.

Services will be held at 10:00 AM, Thursday, September 20, 2018, in the Davis-Smith Funeral Home Chapel, Glenwood, with Bro. Erby Burgess officiating.

Visitation will be Wednesday, 6:00 PM until 8:00 PM, at the funeral home.

Interment will be in Bethel Cemetery.

Guest registry is at www.davis-smith.com.

Becky McAnally

Becky McAnally, age 58, of Daisy, passed away on Monday, September 10, 2018.

She was born on January 8, 1960 in Glenwood, the daughter of Albert Verne Tuttle, Sr. and Jacklyn McCoin Tuttle. On July 16, 1976, she was married to Kenneth McAnally. She was preceded in death by her parents; two granddaughters, Adele and Marley Crutchfield; her grandson, Phoenix Galbraith; and her brother, Albert Verne

“Butch” Tuttle, Jr.

She taught elementary grades at several schools and her final position was the Gifted and Talented Coordinator for Centerpoint Elementary. She was Free Will Baptist in her faith and enjoyed sewing, cooking and spending time with her family.

Becky loved with her whole heart. She was the best wife, mama, meme, sister and friend that anyone could ask for. Her smile was big and her heart was bigger. She gave of herself until the very end, never complaining. She was selfless and will be dearly missed. Her last words were, “I love you.”

She is survived by her husband, Kenneth McAnally of Daisy; her son, Matthew McAnally; two daughters and one son-in-law, Misti and Keith Bell, and Anna Galbraith, all of Hot Springs; her grandchildren, Matily, Emmatt and Ellison McAnally, Paisley Galbraith and Spencer Bell; two brothers and sisters-in-law, Jack and Linda Tuttle of DeQueen and Frank and Nikki Tuttle of Benton; three sisters and two brothers-in-law, Verna and Pierre Davis of Daisy, June Westfall and Donna and Eddie Hering, all of Glenwood; and her nieces and nephews.

Memorial services were held at 2:00 PM, Thursday, September 13, 2018, in the Davis-Smith Funeral Home Chapel, Glenwood, with Keith Bell officiating.

Honorary pallbearers were all of the nurses and staff of the ICU at UAMS, Sarah Betzner and Holly White, her ICU nurses. Guest registry is at www.davis-smith.com.

COMMUNITY ANNOUNCEMENTS

GLENWOOD EXTENSION HOMEMAKERS CLUB SELLING T-SHIRTS AND ITEMS AT COUNTY FAIR

We received a grant to do improvements at the park. The money will be used to purchase paint and other supplies to help improve the park. New signs will be made, new nets for the basketball goals and a new tennis net will be purchased. The group will do general cleaning of the grounds and the bathrooms. We would like to thank the City workers and the fire department for helping us.

We are selling t-shirts and items at the Country Store at the fair to fund our projects during the year. Our next project will be making small blankets for foster children from the “CALL” program. Earlier this year we made clothes pin wreaths for 4th of July. These will be available at the County Store. We would like to invite anyone interested in attending our meetings or become a member. We have a great time working on community projects, socializing and we had a sessions on canning and making jelly. In the future we will have other workshops such as learning the basics of crocheting. Come visit at our Country Store at the Fair There will be only homemade items for sale or just come by and enjoy our beans and combread. Our next meeting will be September 13 at the Martin Building at the fair grounds at 6 pm. Thanks, we are looking forward to seeing everyone at the fair!

Kirby Junior Class Prom Fund Raiser

The Kirby High School Junior Class will sponsor a basketball fund raiser with multiple age and gender groupings for Thursday night, September 27 at the Trojan Gym.

There will be divisions for Tiny Tots, women who are 18 and above including graduates, Older men for age 36 and up, Young men graduated and 18-35, Senior High girls versus their moms, Senior High boys versus their dads,

The first game will begin at 5:30 p.m. with the Tiny Tots. They can play for free, but must pay the \$5.00 gate charge. All other entrants have a \$20 early entry fee and a \$25 late fee. Late entries will be accepted on game day.

There is a \$5.00 gate fee for everyone. Entry forms can be picked up at About Face and Hair in Glenwood or Kirby Kwik Stop. Turn in the forms by Friday, September 21.

Call Sonya Harmon at 870-223-1162 for Kelli Mount at 870-828-1941 if you need further information.

PC FAIR BOARD HAS NEW WEBSITE

The Pike County Fair Board has a brand new website with information on this year’s fair, which will be held in Glenwood, September 15-22.

You may visit the website at pikecountyfair.com. The Pike County 2018 fair theme is “Ribbons fade, buckles tarnish, but friendships last forever.” Fair association officers include President Jackie Bowen, Vice President Jim Barnett, Secretary Karen Baker, Treasurer Melynda Bryant and Reporter Danny Dugan.

Now I Understand . . . A Little

By Mike Wallace

I believe I understand a little better about national symbols. Namely, about elephants and donkeys.

I watched as much of the Brett Kavanaugh judicial committee senate hearings as I could stomach.

I watched the Democrats try to tear down the judicial opinions of Kavanaugh seeking to present him as many things. First he was a racist because of what someone else (seated across a room of 200 people) said years ago.

Since Kavanaugh stated he did not hear the comment and therefore did not walk out, that still made him a racist in the views of the Democratic senators.

Then they tried a variety of topics asking him again and again how he would vote on that issue.

Every single time, Kavanaugh stated he cannot consider the aspects and facts about a case until it is brought before the Supreme Court. Time after time, the Democratic senators asked for his legal view on a subject.

Kavanaugh used the same tactic that Justice Ruth Bader Ginsberg (a liberal Democrat) used in her hearing. "No one should be asked to

decide on an issue before that issue makes it to the court." I guess it was alright for her to state that, but not for Kavanaugh to state that.

For three days, Kavanaugh suffer through the "slings and arrows of outrageous fortune," from the Democratic senators on the Judicial

Committee. Even the senators positioning themselves to run for president in 2020 finally admitted (when confronted) that some of the items they asked about was outright lies.

They just laughed about it and now can used the footage to play to their followers in their states about how they tried to derail the nomination of Kavanaugh by President Donald Trump. None of their inane questions were about Kavanaugh's qualifications. They pretty much agreed on those things. They just do not want to have anyone on the Supreme Court which might vote on a matter which the president might favor.

They even asked if Kavanaugh would reckons himself from a decision on whether or not the president can refuse to respond to a subpoena from a special counsel. Kavanaugh said no, and that set alarms throughout the Democratic Party.

Any Justice of the Supreme Court worth his or her salt does not recuse themselves from issues.

They are there to decide on issues, not run away from them like both political parties love to do.

* * * * *

Another craziness - I heard on the Wednesday night television that a talking head on a cable news talked about a Washington Post editorial opinion that Trump caused Hurricane Florence to be created just to smash into America.

The person who wrote the opinion piece believes that Trump's stance on global warming caused Mother Nature to spawn a hurricane off the coast of Africa and send it to America.

Most of these talking heads on cable news and day time talk shows blame Trump or any other conservative with everything which has ever gone wrong in their lives. If their ice cream melts too fast, it is Trump's fault. If there jeans don't fit like they used to, it is Trump's fault. Their hatred of him and anyone who is politically conservative causes them sleepless nights, so they eat.

If they only could see themselves on the TV, they might possibly see how immature and silly they are. And how irrelevant they have become.

Now the Democratic Party leader of the Judiciary Committee, Sen. Diane Feinstein, has come across documents about something Kavanaugh may have did or said at the age of 16 while he was in high school. She admitted she had this information since mid-summer, and just now decided to forward it to the FBI for investigation. This is the same FBI which has investigated Kavanaugh six times when he received security promotions or to set on the Washington, D.C. appellate court.

She sat through news conference with this damning information. She sat through the entire confirmation hearing and never said anything about it. Since the persecution phase of the in-

terview process is over, and it appears the Democrats will lose when the full senate votes, now she says she has damning evidence.

For days she stated she would not release an information about it. Who says this is evidence, what does it say, where did this happen? Nothing at all as to the contents of it. The Dem's will stop at nothing or use nothing to derail this nomination. How pathetic!

Now - update. As of Sunday afternoon, Feinstein has said the lady in question who is accusing Kavanaugh of trying to have sex with her while she, Kavanaugh and another 16 or 17 year old were falling down drunk at a party. The other person in the room says it did not happen. Over 65 women who were in that same class group at the school have stated in writing that Kavanaugh would never do that kind of thing. Women with whom he has worked in the 35 years since this alleged incident said he has always been a perfect gentlemen.

Was it not just too amazing for words that Feinstein and her jackass emblem party just happens to run across this woman just as the Democrats began to realize they were not going to win their battle against this nominee?

* * * * *

One last sentiment - I sincerely hope that the City of Glenwood will calm down some over the next few years.

Most of the residents here have had enough rhetoric about trying to find something wrong so they can play the victim here in town.

"Everyone is against me," has become the mantra of one side of the political scene.

* * * * *

One last, last sentiment - I hear the constant buzzing of the gnats from the cable news people that the Democratic Party will take control of the US House and US Senate. That may happen. The Democrats have long been known (from John Kennedy's time) of pulling out an October surprise which the Republicans would not have time to successfully brand it a lie. Look for it.

PUBLIC NOTICE

The GLENWOOD WATER DEPARTMENT is a public water system subject to regulation under the federal Safe Drinking Water Act. Those Regulations require the notification of customers whenever a violation occurs, and is the basis for the notice.

Finished water turbidity must not exceed 1 NTU in any reading. This requirement was not met on one or more days during 2018.

Turbidity, or cloudiness, of drinking water is a measure of the minute particles suspended in the water that can interfere with disinfection and with the testing of bacteria. Turbidity is required to be tested at least one or more times each day for water systems utilizing a surface water source or groundwater that is directly influenced by surface water. Excessive turbidity may allow disease causing micro-organisms, if present, to enter the water system. EPA sets national drinking water standards and has determined that the presence of microbiological contaminants are a health concern at certain levels of exposure. If water is inadequately treated, microbiological contaminants in that water may cause disease.

Turbidity has no health effects. However, turbidity can interfere with disinfection and provide a medium for microbial growth. Turbidity may indicate the presence of disease-causing organisms. These organisms include bacteria, viruses, and parasites that can cause symptoms such as nausea, cramps, diarrhea and associated headaches. These symptoms, however, are not just associated with disease-causing organisms in drinking water, but also may be caused by a number of factors other than your drinking water.

EPA has set enforceable requirements for treating drinking water to reduce the risk of these adverse health effects. Treatment such as proper filtering and disinfecting of the water removes or destroys microbiological contaminants. Drinking water which is treated to meet EPA requirements is associated with little to none of this risk and should be considered safe. Failure to meet this requirement does not necessarily mean that the water is unsafe or that alternate sources of water should be used.

The water system has Purchased Filter Aid ACC-300 and is now keeping it in stock in case this problem comes up again.

Should you have any questions concerning this notice, contact the water system at 1-870-356-3613 or the Engineering Section of the Department of Health at 501-661-2623.

W 371 G38-1tc

PUBLIC NOTICE

The GLENWOOD WATER DEPARTMENT is a public water system subject to regulation under the federal Safe Drinking Water Act. Those Regulations require the notification of customers whenever a violation occurs, and is the basis for the notice.

The water system failed to monitor and/or report Continuous individual filter monitoring was not resumed within 14 days after instrument failure pursuant to 40 CFR 141.561. during July 2018.

The U.S. Environmental Protection Agency (EPA) sets national drinking water standards and has determined that the presence of microbiological contaminants are a health concern at certain levels of exposure. Water supplied by this system is from a surface source of groundwater which is directly influenced by surface water. The water system must meet minimum monitoring and documentation requirements to help ensure that adequate protection is provided against harmful microorganisms.

Failure to meet this requirement does not necessarily mean that the water is unsafe or that alternate sources of water should be used.

The water system has Repaired the 1720E NTU Meter, Removed the old SC200 controlling the NTU Meter and replaced it with a SC1000 Controllor, ordered a spare SC1000 Controllor, ordered a new TU5300 NTU Meter, ordered UDG1000 software to collect the data from the SC1000, added a sensaphone SCADA 3000 to call within one minute of a error along with the SCADA calling 15 minutes later, ordered a backup sensaphone SCADA 3000, and added space on a NAS server to store and backup the data.

Should you have any questions concerning this notice, contact the water system at 1-870-356-3613 or the Engineering Section of the Department of Health at 501-661-2623.

W 270 G38-1tc

Statewide Mass Flu Vaccine Clinics Announced

On Tuesday, September 25, 2018 the Pike County Health Unit of the Arkansas Department of Health (ADH) will offer flu vaccinations at Pike County Health Unit from 9:00 am to 4:00 pm. They will also be at the Delight Elementary school on Wednesday, October 3, 2018 from 2:00 pm to 3:00 and at **Plyers in Glenwood on Thursday, October 4, 2018 from 1:00 pm to 3:00 pm.**

People should bring their insurance cards with them to the flu vaccine clinic. If they do not have insurance, or the insurance does not cover flu shots, the vaccine will be available at no charge.

"We want Pike County residents to stay healthy this flu season, and getting a yearly flu vaccination is the best line of defense," Teresa Morris, Pike County Health Unit Administrator, said. "We encourage everyone to come to the mass clinic or the local health unit to get their flu shot."

Annual flu vaccination is recommended for most adults and children six months and older. The flu virus changes from year to year, and this year's vaccine protects against the flu viruses that are expected to cause the most illness this flu season.

"The flu should not be taken lightly," said Dirk Haselow, MD, State Epidemiologist at ADH. "We are encouraging everyone to get a flu shot to protect themselves and their families, because it is hard to predict in advance how severe the flu season is going to be."

People of all ages can get the flu. Certain people are more likely to have serious health problems if they get the flu. This includes older adults, young children, pregnant women, people with chronic health conditions (such as asthma, diabetes, or heart disease), people who smoke, and people who live in nursing homes. Therefore, ADH strongly recommends that people in these groups get a flu vaccine. It is also recommended that friends, family members and people who provide care to people in these groups also get a vaccine-not only to protect themselves but also to decrease the possibility that they might expose the people they love and care for to the flu.

The flu vaccine is safe and does not cause the flu. Some people may have mild soreness and redness near the site of the shot and a low fever or slight headache. There are very few medical reasons to skip the flu vaccine. These include life-threatening allergic reactions to a previous dose of the flu vaccine or an ingredient in the vaccine. People with allergies to vaccine ingredients can often receive the vaccine safely, if it is given in a doctor's office where they can be monitored.

The flu is easily spread through coughing or sneezing and by touching something, such as a door knob, with the virus on it, and then touching their nose or mouth. Good hand washing habits are important in preventing the flu; however, the best way to prevent the flu is to get the vaccine.

Letter to the Public

Mayor Billy Plyler
Phone 870-356-3613
September 14, 2018

To: All customers of the Glenwood Water System

The City of Glenwood has been put under an administrative order by the Arkansas Department of Health. The order resulted from the November 2017 failure to submit the minimum number of drinking water samples and the July 2018 failure of a metering device at the water plant, specifically a turbidity meter. While waiting for the meter to be replaced, the water system was required to manually test turbidity at 4 hours intervals. The manual testing was done only during business hours and the time interval was a violation of regulations. The items listed above resulted in an administrative order.

The Glenwood Water system continued to produce safe and clean drinking water during the above described times. While the meter was out of service, water was manually tested and monitored by another turbidity meter. The result: ALL WATER PRODUCED WAS SAFE, CLEAN AND WITHIN THE STANDARDS SET BY STATE AND FEDERAL REGULATIONS.

The administrative order requires the water system to provide systems and assurances to the state health department that the violation cannot and will not repeat. Automated redundancy is now in place for testing. Backup meters have been ordered. Emergency plans for four hour monitoring intervals are established.

If you have any concerns about the quality of your water feel free to call me at 870-356-9645.

Sincerely,
William C. Plyler
Mayor
City of Glenwood

Would you condemn God?

By Steve Ellison

Unbeknownst to Job, in a great effort to discredit God, Satan robbed Job of his family, his friends, his wealth, and his health. Job discusses his predicament with the handful of friends who did not leave him. Their conversation invites the correction and instruction of God. God delivers an extended lecture which puts them and us in our respective places. Job 40:1-14 states, "The Lord said to Job: 2 "Will the one who contends with the Almighty correct him? Let him who accuses God answer him!" 3 Then Job answered the Lord: 4 "I am unworthy — how can I reply to you? I put my hand over my mouth. 5 I spoke once, but I have no answer — twice, but I will say no more." 6 Then the Lord spoke to Job out of the storm: 7 "Brace yourself like a man; I will question you, and you shall answer me. 8 "Would you discredit my justice? Would you condemn me to justify yourself? 9 Do you have an arm like God's, and can your voice thunder like his? 10 Then adorn yourself with glory and splendor, and clothe yourself in honor and majesty. 11 Unleash the fury of your wrath, look at every

proud man and bring him low, 12 look at every proud man and humble him, crush the wicked where they stand. 13 Bury them all in the dust together; shroud their faces in the grave. 14 Then I myself will admit to you that your own right hand can save you." (NIV)

God always allows our questions. Honest questions are met with answers, not rebuke. However, you just get a little insolent and things will change. God will let you answer some tough questions from Him. He welcomes, even invites, our questions but we had better not attempt to correct Him. We are not able or competent, nor do we have authority. We learn this in verse 8 when God asks, "Would you discredit my justice? Would you condemn Me to justify yourself?" Clearly God has not approved of Job's conversations with his friends. God will not allow us to discredit Him. He will not allow us to condemn Him in our efforts to justify ourselves. Verses 9-14 point out that if we can match God's glory, splendor, honor, and majesty then God would admit that as evidence that maybe we could possibly justify ourselves. Verses 11-14 add that if we can judge and punish all mankind then that would be evidence also. Of course, we cannot do any of those things.

In fact, the attempt to justify self is the very thing that condemns us to eternal separation from Him. Our refusal to accept at face value, God's declaration that we cannot justify ourselves apart from Christ's sacrifice, is what keeps us from submitting to be rescued by Him. Our attempts to justify ourselves in some other manner is a futile attempt to condemn God and His justice, grace, and mercy. He has plainly stated that the only way to be reconciled with Him, and thus gain entrance to heaven, is to place all our faith and trust in Christ. Any attempt to get around this is a direct contradiction of what God has clearly declared to be the truth. Any attempt to get to heaven in any other way is the same as calling God a liar. Would you discredit God's justice? Would you condemn God to justify yourself? Jesus is the way, the truth, the life. No one gets to heaven except through Him. Don't lose the way.

STATE CAPITOL WEEK IN REVIEW
 BY SENATOR LARRY TEAGUE • WWW.ARKANSAS.GOV/SENATE

The state Department of Human Services announced that 4,353 Arkansans were no longer eligible for Medicaid benefits because over the past three months they failed to comply with work requirements.

Another 43,655 people met the work requirement and will retain their health coverage under Medicaid.

The news was the latest development in the long-running political struggle over the extent to which Arkansas should expand Medicaid, as required by federal mandates.

The federal law was enacted in 2010. It took several years and a number of lawsuits for the 50 states to implement its provisions.

Arkansas took a unique approach by making private health providers an integral part of the expanded Medicaid program. Lawmakers have adjusted our version of the health care act in each legislative session since the federal mandate was imposed. Currently, the program is known as Arkansas Works and it requires enrollees to either work, consistently look for work or attend classes that will teach job skills.

Two state agencies were present when the announcement was made — the Human Services Department because it administers Medicaid, and the Workforce Services Department because it provides the job hunting services required of enrollees.

For three months the 4,353 people who were removed from the Medicaid rolls failed to report their attendance at class, or their job schedules or any volunteer work that would have brought them in compliance.

Department officials announced that more than 5,000 people are in jeopardy of losing their benefits at the end of September because

they have gone two months without complying with the work requirements.

Critics say that the requirements place too much of a burden on Medicaid recipients. For example, many recipients probably don't have a computer, a smart phone or Internet access that is necessary to meet the requirements.

DHS officials defended their efforts to notify recipients of the requirements, and to help them respond. They sent 136,000 letters and made more than 150,000 phone calls. They sent text messages and in some cases visited people's houses. They conducted training sessions and posted materials in doctors' offices and emergency rooms.

Recipients who lack Internet access could get help by calling their insurance carrier, or visiting a county DHS office for help.

The people who lost coverage will be ineligible until the end of 2018, but they might qualify in other categories of Medicaid if their circumstances worsen, or if they are pregnant or have a disability.

Currently, the work requirement applies to enrollees from 30 to 49 years of age. They must work 80 hours a month, or take vo-tech classes. Up to 39 hours a month can be spent looking for work or attending a job search training class at a local Arkansas Workforce Center. Up to 20 hours in a year can be spent taking health education classes. Each hour spent volunteering counts as an hour of work.

It's important to contact DHS when your economic circumstances change. In fact, it's a good idea to keep in contact with DHS when people move in or out of your house, if a family member is discharged from a nursing home, or if you decide to claim a child as a dependent.

# Knights pound Red Devils 48-18

Centerpoint quarterback Owen Bright, No 8, jumps for joy as running back Daniel Forsythe goes through a wide open spot in the Mountain Pine defense for their first of many scores in the September 14 game.  
Photo by Mike Wallace

By Mike Wallace

**MOUNTAIN PINE** - Mountain Pine scored first in the final non-conference for both the Red Devils and the visiting Centerpoint Senior Knights Friday night, September 14, but it went down hill for the host squad in the second half.

Centerpoint defeated Mountain Pine 48-18 on three long distance touchdown runs by Landon Way, two TD catches by Kolton Carver, and runs by Daniel Forsythe and Blake Crawford.

Mountain Pine began the night which saw 66 points scored.

On their second possession, the Red Devils moved from the Centerpoint 37 to the end zone. A short run was stopped by Knight Brian Cook. Mountain Pine ran for a fourth down and three try, fumbled it forward for 13 yards and recovered it.

A five yard flag backed them up, and a 22-yard touchdown pass completion made it 6-0 with 6:11 left in the first quarter. The PAT try was no good.

Centerpoint covered the Mountain Pine kickoff on their 28. Crawford ran for three yards, but a 15 yard flag against the Red Devils set the ball next to mid-field. Way and Crawford combined runs to get the ball to the Pine nine.

Daniel Forsythe went over right guard for that nine yards with 4:02 left. Louis Lozano kicked the PAT for a 7-6 lead.

Centerpoint never trailed after this score.

It remained 7-6 through the remainder of the first period. The first play of the second quarter was a Red Devil punt to the Knight 29.

From that spot, Landon Way went through a wide open hole in the line, picked up one block, caused the cornerback to miss and went 71 yards for six points. Lozano again for the PAT and a 14-6 score.

Centerpoint recovered the kickoff after a Mountain Pine fumble on their 42. Flags stopped this possession, and the Knights punted it to the Pine 14.

Quit is not a word either team understands.

Pine drove the length of the field to score at the 5:00 minute mark on a 12 yard touchdown pass. The PAT run was short leaving the score at 14-12.

After the kick off, Centerpoint went three snaps and punt.

Mountain Pine ran three plays and went with a fake punt on fourth down. They came up one yard short. Cook, Crawford and Colton Horton stuffed it at the Red Devil 29.

Crawford ran for 10 yards, Owen Bright six, and Crawford the final 12 yards to score with 1:24 left in the half. The PAT missed for a 20-12 score.

Mountain Pine returned the kickoff to their 35. A 15 yard pass completion moved the ball to the 50. A run by the Red Devils gained zero, and two passes missed. A fourth down run gained nine yards,

Centerpoint Senior Knight Blake Crawford heads for the Mountain Pine goal line behind the blocks of #3 Landon Way and #50 Tad Green in their 48-18 win.  
photo by Mike Wallace

but Centerpoint took control of the contest on the next play.

Landon Way went 59 yards for his second score of the night. Lozano again for the PAT and a 27-12 half time margin for the Knights.

After fine performances by both cheer leading squads and both bands, Way took the second half kickoff and went right up the middle for a 78 yard return. This made the score 34-12 with the PAT kick by Lozano.

Pine went no where on their next possession.

Centerpoint took five plays to score. Crawford ran for three yards, Way for eight, Crawford for two, and Owen Bright found Colton Carver

behind the Mountain Pine safety for a 49 yard completion. Crawford covered the final six yards at the 8:00 mark. Lozano again. Score 41-12.

Pine went three plays and punt to the Knight 32.

Owen Bright hit Carver for eight yards, Forsythe carried it twice to set the ball on the Pine 38. A busted play saw the Knights' quarterback roll left after a high snap. Carver came back toward Bright as the quarterback threw it to an open spot on the field.

Carver ran under it, turned and scored for his second TD of the night. The PAT was good by Lozano for a 48-12 score.

Mountain Pine scored once

more with 1:30 left in the game on a run. The PAT was no good for the 48-18 final score.

Centerpoint Junior Knight C.J. Fox with the football in the first half of their September 13 game against the visiting Prescott Curley Cubs. Behind fox is Jace Clark

Seventh Grade quarterback Nathan Rogers, No. 13, takes off up field against Prescott. No 60 for Centerpoint is Joe Lawson and No 40 is Gavin McGurdy.

## Centerpoint Junior Knights fall to Prescott Curley Wolf speed

By Mike Wallace

ROSBORO - The Centerpoint Junior Knights put up a valiant fight Thursday night, September 13, when the Prescott Junior Curley Wolves came to Rosboro.

The Junior Knights ran up a 14-0 lead in the first half. They scored once in the first quarter and once in the second.

Jace Clark scored on a nine yard run with 1:33 left in the first, and threw a 14-yard touchdown pass to CJ Fox with 4:56 left in the second. Hayden Rogers kicked both PAT's for the 14-0 margin.

Prescott narrowed the gap some in the final minutes of the second period with a 10-yard TD run. Centerpoint stopped the PAT try for a

14-6 half time lead.

Centerpoint had first possession in the second half. They moved from their 34 yard line to the Prescott 12 on just plain old fashion runs up the middle by Dathan Vaught, Carlos Ponce and Clark. In the middle on this ground game, Clark stood tall and found CJ Fox for eight yards. Centerpoint lost the football on a fumble at the Prescott 12.

The first play run by Prescott lost three yards. The next was a quarterback sack registered by Hunter Donaldson on the Prescott one yard line. This eight yard loss put everyone but the center in the end zone on the next snap. A quick throw to the left side of their formation, a block in the back not called and 99 yards later was six points for the visitors.

After an unsportsmanlike conduct call against Prescott, they tried the PAT from outside their 20. It failed leaving the score at 14-12.

Centerpoint took control at their 48 when Brenden Buck covered an onsides kick off try by Prescott. This drive stalled out when a fourth down and three run by the Junior Knights came up one yard short.

Again, Prescott used it speed to the sideline and turn up field. They moved 57 yards in five plays to score on a 22-yard run to score on the first play of the final period. The PAT run was good for a 20-14 score.

Centerpoint drove to the Prescott 23 late in the game, but could get no further.

Prescott had three short runs and one of 57 yards in this possession. They scored with 2:41 left in the game to make it 28-14 with the PAT.

In the first game that night, Prescott's seventh grade team posted two first half scores for a 16-0 lead.

Centerpoint's defense came to play in the second half closing down the Prescott offense twice deep in Centerpoint territory. The game ended on that score.

On September 20, Centerpoint's Junior Knights will play at Smackover at 7:00 pm with the seventh grade at 5:30.

Some of the Centerpoint Junior High Cheerleaders at the Prescott game September 13

### Pigskin Picks results of Week 4

This week ten Pigskin Picks entries came in to the office with the inclusion of a new one through the mail. You can mail your entry into the paper, just call to let us know so we can look for it.

Two of the ten entrants picked 10 of 14 sets of teams. Mike Johnson and John Plyler each had 11 correct. Johnson was a total of seven points off the combined score. Plyler was 11 points off.

The results so far of the entrants are: Mike Johnson (11/44), Paul Crowson (10/44), Janis Vawter (10/41), Charles Vawter (9/38), Burle Wade Haggard (10/41), Justin Bean (8/33), Josh Allen (10/37), Carlos Duggan (9/31), John Plyler (11/33), Amanda Smith (10/10).

Centerpoint will host the Smackover Buckaroos on Friday, September 21, at 7:00 p.m.
